RECEPTION HELD FOR WAR HEROES

Enjoyable Time Had by Men
Who Served During
Conflict

COMMUNITY SING

At Christ Church Yard at 7:45 To-
night.—K. C. Celebration Tomorrow
Night at Lyceum Hall.

Under the auspices of the local
chapter of the American Red Cross
a reception was last night tendered
the soldiers, sailors and marines in
the War Camp Community Service
Hall, it being a part of the program
of jubilee week.

Hundreds attended as did also
many of the mothers, sisters, wives
and other relatives of the men.

During the evening there was
dancing and singing and an enjoy-
able time had by all present. Selec-
tions were given by a quartet under
the leadership of Bernard Hamilton.
The program tonight provides for
a community sing which will be
given in Christ Church yard at 7:45
o'clock.

The singing will be led by Herbert
Wall, band leader from Camp
Humphreys. There will be three
distinctive groups of songs, Southern
melodies, camp and patriotic songs.

Since will be reserved for all re-
turned men and for those who wear
the ribbon badge. For them ad-
mittance to the yard will be on Col-
umbus street. The gates will be
opened at 7:15. Washington street
gates will be opened at 7:30 o'clock.

Every man, woman and child are
cordially invited and at 7:45 o'clock
promptly the singing will begin.

Last year our thoughts were with
our absent boys and part of the
pleasure of those things were that
in spite of here we could join
with them over there in our camp
songs, and now we are grateful, in-
deed that our victorious boys are
home once more and we can sing
these songs together.

Refreshments for the boys will be
served in the Parish Hall at the
conclusion of the singing by the Red
Cross.

In the event of rain the sing will
be staged in Armory Hall.

K. C. Night Tomorrow
The official program for tomorrow
provides for an entertainment at
8:30 o'clock at the Lyceum Hall. It
will be the Knights of Columbus night.

All soldiers, sailors and marines re-
gardless of whether or not they are
members of that order are cordially
invited as they were in the camps
both here and overseas by that or-
ganization.

A special program has been arranged
for the occasion and refreshments
will be served.

Memorial Mass Tomorrow
Tomorrow morning at St. Mary's
Catholic Church at 8 o'clock there will
be special memorial mass in memory
of those members of St. Mary's con-
gregation who made the supreme sac-
rifice both here and abroad while
serving the colors.

It is especially requested that all
those of the congregation who were
in the service attend in a body wear-
ing their uniforms.

Rev. Louis Smet, rector of St. Mary's
will be celebrant of the mass.
Six heroes who made the supreme
sacrifice, who were members of this
congregation follow: Lee Wagner, Eu-
gene Wilburn, Thomas W. Cook, Wil-
liam Northrup, and John Wilburn, all
of whom died in France, and Herbert
Bernhardt, who died at Camp Lee.

TELLS OF WORK OF COMMITTEE

Owing to Confusion Regarding
Welcome Home Week
Statement Issued

WORKED FOR HEROES

Satisfaction at Having Received
Plaudits of Soldiers For Whom They
Have Organized and Worked.

On account of a general confusion
of ideas relative to the Home Com-
ing Entertainments for Alexandria
Heroes the Executive Committee
deems it expedient to clarify the
intent and acts of the men and wo-
men who have made sacrifices to
thrill the hearts of our Heroes with
the warmth of home.

Organization

At a mass meeting held in the
Auditorium of the Chamber of
Commerce on May 22nd, 1919, at 11
o'clock, a permanent Welcome Home
Committee was organized and resolu-
tions providing for a general plan
of entertainment for the week of
June 9th to 14th, were unanimously
adopted. The attendance was ap-
proximately two hundred.

Financial

Committees were appointed to so-
licit contributions to pay the expen-
ses of the best obtainable program.
After reports of the Committees
were received it was found neces-
sary to have a larger sum to suc-
cessfully carry out the resolutions
adopted by the mass meeting. The
Executive Committee then met and
entered into a contract with the
Broadway Shows which will give the
committee an additional revenue for
the expenses of the celebration and
a fund towards a permanent tes-
timonial in honor of the Heroes of the
World War.

Expenses

The Court of Honor was con-
tracted for and built. King street
has been decorated from Fairfax
street to the Union Station. Suc-
cessive entertainments have been
given and these will be continued.
Music has been provided for the pa-
rade, block dance and other features.
The total balance on hand after pay-
ing expenses will be used for a per-
manent testimonial as directed by the
mass meeting.

Financial Statement

At the close of the Welcoming
Home Celebration a statement of all
revenues and expenses will be pub-
lished in the Gazette.

(General)

The men and women of the Exe-
cutive Committee are not conscious
of having done anything in violation
of law or hurtful to the morals of
the community which we love and
live in.

Relative to the shows, we follow-
ed the precedents of years—indeed
the last of these not thirty days ago.
Three similar entertainments have
shown here during the past ninety
days.

It is gratifying to have received
the plaudits of the local Heroes. For
them we have organized and worked.
Signed, Robt. S. Jones, Chairman.

WAR-TIME PROHIBITION

Administration Leaders Believe Pres-
ident Will Abolish Measure

President Wilson will, by procla-
mation, abolish war time prohibi-
tion scheduled to become operative
on July 1, administration leaders
at the Capitol asserted yesterday.

There is no indication that the
House Judiciary Committee proposes
to act upon the recommendation
made in his message that the ban
be lifted on beer and light wines
and direct action is expected by
the President before he leaves
Paris after this peace session.

Captain A. Smith, of Newport

when a patrol wagon in which he was
taking an unconscious patrolman to
the hospital was overturned in an

The captain was crushed to death
beneath the vehicle.

SEARCH FOR BOY

Allen Wyatt Left Home in Alexan-
dria, a Week Ago.

Search is being made for Allen
Wyatt, 12 years old, of Rosemont,
who disappeared from his home a
week ago. The police department
of Washington is aiding the anxious
parents in their endeavors to find
some trace of the son.

Young Wyatt had been in poor
health for some time and his par-
ents decided to let him stay out of
school for a short time. Lately he
had expressed a desire to work, and,
wishing the boy to be contented,
his father tried to get work for him,
but found that he was too young.
He was last seen by one of his boy
friends and told him that he was
going to Washington to get work.

SALE OF CITY BONDS IS SATISFACTORY

\$100,000 Bring \$101,470.—
Bear Five Per Cent
Interest.

COMMITTEE GRATIFIED

Finance Committee Awards Bonds to
Cincinnati Firm.—Funds for School
and Public Improvements.

The \$100,000 school and improve-
ment bonds of the city of Alexandria
offered for sale by the city to the
highest bidder today were awarded
by the finance committee to Season-
good and Mayer, a large bonding
house in Cincinnati, they being the
highest bidder.

The bonds were sold for \$101,470,
in other words each \$100 bond
brought 1.47 cents. The bonds bear
five per cent interest.

It is of interest to the citizens and
also very gratifying to the finance
committee to know that Alexandria
bonds are in demand. The next
highest bidder for the bonds volun-
teered the statement that Alexan-
dria bonds are as selling as high as
U. S. Victory Bonds.

The bonds are to be issued in
\$1,000 denomination and are to be
paid off at the rate of \$3,000 each
year, beginning July 1, 1922. The
interest thereon will be payable
semi-annually on January and July
first of each year.

A part of the money from the
sale of these bonds will be used
for the erection of a public school
for colored boys and girls and the
residue for other improvements con-
templated.

RECOVERS LARGE VERDICT

Richmond, June 12.—Charles C.
Ford, of 424 North Thirty-third St.,
was awarded a verdict of \$10,000
against A. G. Backus, of Norfolk, in
the Circuit Court of that city Tues-
day in a suit for slander.

The case grew out of the search-
ing of the home of Backus by pro-
hibition inspectors several weeks ago
and the filing of charges of theft
against Ford and Guy Horner of a
diamond ring, valued at \$700.

The charges against the inspector
were dropped later, and suit was en-
tered by Ford for damages, which
was won by him Tuesday. At the time
of the search Ford was an inspector

GRAND JURY PROBE RESUMED TODAY

REPORT ON HEALTH

Situation as Satisfactory as Can be
Under Existing Conditions Declare
Jury in its Report.

A grand jury, which yesterday
morning convened in the corporation
court with Judge Barley presiding,
and which was adjourned over until
Friday was reassembled this morning
and Judge Barley again asked the
jury to make an investigation of the
carnival company using the city's
streets.

In his charge to the jury this morn-
ing the judge stated he had a talk
with the chief of police, who stated
that he had interviewed the commit-
tee having the carnival in charge and
they had assumed all responsibility
and that it was not his purpose to in-
terfere at present. The judge said that
as the matter now stands it is clear-
ly up to the grand jury.

Immediately afterward the jury re-
sumed its probe of sanitary condi-
tions.

This afternoon the jury reassembled
and heard testimony of a num-
ber of members of the Welcome
Home Committee.

They will report on this matter
late this afternoon it is expected.
At the conclusion of the morning
session of court the jury made the
following report relative to the
sanitary conditions here: "The grand
jury after an exhaustive investiga-
tion of the general sanitary condi-
tion of the city find that the present
conditions while not ideal are as sat-
isfactory as can be under the cir-
cumstances."

"We find hearty co-operation be-
tween the health department and
city council, and the city council is
about to make ample provisions for
the protection of the health of our
citizens by the adoption of the rec-
ommendations of the health depart-
ment."

There are certain unsanitary con-
ditions existing due to imperfect
surface drainage which are fully set
forth in a chart prepared by the
health department which we recom-
mend for correction as soon as pos-
sible.

"We find that the Alexandria Wa-
ter Company failed to live up to a
certain city ordinance approved Au-
gust 30, 1918, and the evidence shows
that in each violation it was impos-
sible to comply with the above men-
tioned requirements of said ordinan-
ces. We are assured that the filtra-
tion plant, which is now nearing
completion, will largely correct this
difficulty. We further find that the
above Alexandria Water Company
and the health department are co-
operating fully."

FORBIDDEN TO BREW PASSOVER BEVERAGE

A Jewish custom which has pre-
vailed for centuries will disappear from
America when the national prohibi-
tion amendment goes into effect if a
ruling handed down by the Commis-
sioner of internal revenue stands.

Jewish families have brewed from
grapes and whey, "mead," a wine served
at the feast of the passover. A
large beaker full of mead is passed
around the table and each member of
the family takes a drink.

Under the ruling of the internal
revenue office this wine cannot be
made at home, and can only be sold
from bonded warehouses, the pur-
chases being required to give bond
that the wine is for sacramental pur-
poses. Any wine brewed on premises
except those of a bonded winery will
be prima facie evidence that the wine
is intended for beverage purposes and
therefore in violation of the Federal
statutes.

German Correspondent Asserts Bel-
kun is Intolerable

Berlin, June 12.—Misery caused
by hunger, civil war and a shortage
in money exists in Budapest ac-
cording to a special correspondent
of the Tagesspiegel, of Berlin, who has
succeeded in evading the Hungarian
Communist censorship by a rounda-
bout way.

"Bella Kun" the correspondent
says, "has grown intolerable again
now that the Czechs are fleeing be-
fore the Magyars and the Roumanians
are weakening. Budapest, how-
ever, is slowly starving because the
peasants not only have boycotted the
capital but will no sell food unless
paid with real money or in gold,
neither of which is available."

LACK ONLY TWO NAMES

Senators Are Expected to Sign
Names to Petitions Before
Sunset

Richmond, June 12.—Before the
sun sets tonight the proposed spe-
cial session of the General Assembly
of Virginia, called by the legisla-
tors themselves for the purpose of
of matching Federal appropriations
for postroads, may be an assured
fact.

If one interpretation of the lan-
guage of the Constitution is taken as
the correct one, the Virginia Good
Roads Association, which brought
the question of an extraordinary
session to the fore and which ap-
parently, will see it through to a
successful conclusion, has now six
more signatures than is required to
bring the session to Richmond.

Following another construction of
the organic law of the State, the
good roads advocates must yet se-
cure the names of two members of
the Senate in order to have the ses-
sion clinched.

President Lupton said yesterday
afternoon that the association had
the Senators in view and they prob-
ably will send in their signatures
before the end of the day.

EDITOR ABANDONS HOPE

Zureventlow Declines Huns Expect
Few Crumbs From
Peace Table

Berlin, June 12.—Disputes among
the allies at the peace table are
"family quarrels," and Germany,
being outside the family," would be
foolish to build any hopes upon
them, for there is no chance of the
hostile alliance being disrupted.

With this argument, Count Ernst
Zureventlow, leading pan-German
firebrand, counters in his Deutsche
Tageszeitung the widespread view
in Germany that the allied coalition
may collapse and Germany might
achieve a diplomatic victory out
of the jaws of military defeat.

"We ourselves are to blame for
the severity of the peace terms," is
the main thrust of his logic. He
bitterly denounces the weakness of
the German governments since
Prince Max of Baden, admitted
Germany's war guilt instead of pro-
ving her innocence, which he says
would have been an easy thing.
Thus, he avers, Germany allowed the
"French and English Machiavellis"
to convince President Wilson she
alone is to blame, and for him to
attend to his fourteen points.

GERMANS ANSWER FOCH

Agree to Evacuate Lithuania And
Latvia

Berlin, June 12.—In reply to the
demand made by Marshal Foch on
May 28 regarding the maintenance
of German forces in Lithuania and
Latvia north of a certain line, Ger-
many has presented a note to the
Allied Armistice Commission at
Spa asserting that according to
Article XII of the armistice, Ger-
many has the right to carry out a
withdrawal, which has already be-
gun, in the regions formerly be-
longing to Russia. The German
note says that Germany does not
object to abandoning the territory
south of the line marked out.

The systematic evacuation of Li-
thuania and Latvia, it adds, prob-
ably will be finished in six to eight
weeks. General von der Goltz, the
German commander in that part of
Russia, has received orders not to
interfere in the internal affairs of
Latvia. Regarding the concentra-
tion of troops mentioned by Mar-
shal Foch, the German reply says
it is only a question of units which
have since been removed from the
Baltic provinces.

FATAL CLASH AT DALLAS

Nonunion Lineman Killed and Two
Others Injured in Street Battle

Dallas, Tex., June 12.—A. J. Fish-

the Dallas Light and Power Company,
was shot and killed in a clash here
yesterday between strike sympathiz-
ers and nonunion men taking the
places of striking employees of the
company.

Two other men were injured. Allen
Lecroy, a nonunion lineman, was
slugged and the police report says
other had been shot in the leg.

The lineman and electricians of the
power company have been on strike
several weeks, asking shorter hours
and increased pay.

GERMAN TRIUMPH

The Senate is in possession of stolen property, knowing it to be stolen. In accordance with the usual form it asked the President for a copy of the treaty "if not incompatible with public interests," and then, without waiting for a copy from the only source from which it has a right to receive it, and without regard to the public interests which might be affected, and as to which the President is the only constitutional judge, it prints it as a public document, inserts it in the Congressional Record, and distributes it to the newspapers.

The peace treaty was printed in full by Germany, in an effort to arouse German public opinion against it and to start backfires behind the peace conference. Germany distributed copies in America and the Allied countries, and the Republican Senators, with a single honorable exception, and aided by a handful of Democratic senators, make themselves an organ of German propaganda by their attacks upon a treaty not yet before the Senate, and give it the widest publicity.

The Philadelphia Record says "a more scandalous and scurrilous act was never before committed by the Senate." Fable as German propaganda has generally been, it has been eminently successful in a Republican Senate. The Republican Senators have done all in their power to aid the propaganda of the nation's enemy.

"And there was no move for this infamous piece of treachery except malice and criminal partisanship. A full abstract of the treaty had already been issued officially, and the full text differs in no important respect from the abstract. The unprecedented, unwarranted and unconstitutional action of the Senate was inspired solely by a desire to thwart the President, who was pursuing the usual and constitutional course."

WAR ON TOBACCO, TEA AND COFFEE

Intoxicated by their successful battle against intoxicants, the reformers are gathering their forces for a nation-wide crusade against tobacco, tea and coffee, in an effort to wipe out all the stimulants which enslave modern humanity."

So says the Journal of American Medicine in an editorial, and continues:

"Flushed with an exultation which only the privileged missionary can feel, they have firmly resolved to rid mankind of all its wicked habits. Having struck the death-knell of John Barleycorn, they now aim at making a cemetery of man's most innocent and consoling sins. Their program is a sort of Bartholomew's slaughter of stimulants. The epicure must blanch with terror as he contemplates this dire campaign to make his routine of virtuous living. To the disciple of refined eruptions the Day of Doom seems to be approaching."

"A contest of the greatest magnitude may, therefore, be looked forward to. Already spokesmen for these industries have accepted the challenge."

The reformers were able to make out a convincing case against liquor, which laid itself open to many

just charges. But it will be a more difficult task to show that tobacco is a vicious element in the life of the individual or of society, and it will perhaps be even more difficult to prove that tea and coffee are a force for evil.

"On the side of those who will fight to maintain these elements will be the natural affection which the public has for these lesser evils of civilization, which, in the intense and trying circumstances we are living under today, have become a necessity to those who need a whip to goad on their highly taxed energies and their greatly tried nerves."

"We are told that the campaign to eliminate tea and coffee will not be commenced with a fitting and harmless substitute for these drinks is found. A substitute, to be effective, must be adequate; and how can it be adequate unless it has all the merits and the properties of that which it replaces? The task of the reformers in this instance will certainly not be an easy one."

DIES A-BORNING

The recently proclaimed Republic of the Rhineland seems to have died a-borning. It never showed any vitality except in that part of the Rhineland which the French are occupying.

The Philadelphia Inquirer says "why the French should desire the separation of the Rhineland from the German Reich and its conversion into an independent nation is, of course, obvious. If that were done, not only would Germany be greatly weakened through the loss of a province whose mineral wealth is necessary to its prosperity, but a buffer State would be created whose existence would render the invasion of France somewhat more difficult. This is Marshal Foch's constant pre-occupation, and could he have had his way not only the Saare Valley, but the whole valley of the Rhine, would have been brought under French control, not from territorial covetousness but simply as a precautionary measure. The next best thing would have been the erection of a Rhenish Republic, but of that there is not at present any visible hope."

OPPOSE GERMAN TOYS

"Until Germany has shown a change of heart, can we as a nation conscientiously allow our children to play with the toys made by hands that applauded the sinking of the Lusitania?"

This is the question that the War Mothers of Maryland will put to the Baltimore republic at a mass-meeting to be held tomorrow for the purpose of protesting against the distribution of the three cargoes of German made toys that arrived in Baltimore within the last two weeks. It is the object of the organization to rouse public sentiment against using the German toys to such an extent as to make it necessary to put a stop to their importation into this country.

Editor of the Gazette:

As a citizen, tax-payer and one of those being so royally "Welcomed Home," I desire to enter a protest against the public and private criticism, both unjust and hypocritical, being heaped upon the committee in charge of Jubilee Week for the soldiers.

It is especially unfortunate that at this late hour, public spirited women and men, who have served faithfully and unselfishly throughout the war, should now find themselves on the defensive. It is utterly inconceivable that "most of our good citizens," as published in an article in last night's issue of the Gazette, "are indignant at the state of affairs in the public streets of Alexandria."

Whatever may be the fault of our citizens, certainly they have excellent memories. It is plainly absurd to think of any good citizen getting unduly exercised over the "present state of affairs" when he recalls how, just a few years back, this whole town was wide open,—when the cheapest and the meanest grog shops and dens dotted nearly every corner of our City limits and even main thoroughfares. The good citizen remembers that it was chiefly by the vote of men like those now constituting this committee that this sad condition of af-

fairs was eternally wiped out. The present state of affairs is but for one week and if the good citizen is inclined to draw comparisons, he is thankful that the conditions are gone with that he is not heard to complain a bit about what is happening now.

The committee, as every one knows, was organized primarily to give the citizen a chance to give their aid. If anyone failed, when he had the opportunity, to take part in this public conference, if anyone had any other method of entertainment to offer, but was willing for someone else to do the work (as is too often the case), when it becomes his turn now to make any decision whatsoever.

Unfortunately, some of the critics are so much out of town, keep themselves away so far from public spirited endeavor, that it is hard for them to get a proper viewpoint of any situation at all. Surely this is the time for civic patriotism—for our citizens to stand behind the men and women who are unselfishly trying, in their best judgment, to entertain the boys. We want no civic slackers. We want no men who put themselves in the class of the anti-Americans who could see no good in anything our Government did during the war.

Maybe the Carnival is a sort of nuisance in many respects; maybe it does cause a sacrifice to someone's business. But before criticizing, remember that you had an opportunity to make your suggestion but failed; remember that this form of entertainment has been provided for the boys who have endured more pain, sacrifice and made more sacrifices than you have ever known. Certainly if they could endure hardships, even death, that your civic government and your business might endure forever, then surely you can stand a week's inconvenience for their sakes without a whimper.

Certainly the men who went away from here to do their part, no matter where, nor how big or small, are with this committee to a man. And no persons and no one person can impugn their motives, their morals, their constant high standing in the community by either caring criticism or public arraignments.

Mr. and Mrs. Committee, let the band play!

June 11, permit me to say that, to my mind, the colored people of Alexandria have demonstrated in every possible manner their loyalty to every worthy undertaking that has been started here.

That the colored people failed to be represented in the parade on the 10th instant, was due entirely to the fact that they did not receive due notice.

I am sure that any one who doubts the loyalty of the colored citizens of Alexandria, have but to refer to the drive for the Alexandria Hospital, the Red Cross and the recent Liberty Loan drives which they assisted in sending over the top.

Any opinion or suggestion contrary to the fact that the colored people of Alexandria are 100 per cent loyal, is entirely erroneous and without just foundation.

Very truly yours,
Samuel S. Tucker, Jr.,
Chairman, Colored Citizens Committee.

CLARK SCOLDS OPPONENTS

Washington, June 12.—Continued Republican attacks on the administration's conduct of the war drew a sharp speech in the House yesterday from

former Speaker Clark. "Two can play at this game of political hambooning," Mr. Clark declared. "It has been one-sided long enough. We Democrats have sat here day after day and listened to you nag and nag and nag. I for one am sick of it. You have found fault with everybody and everything, basing your charges on groundless assumptions."

"An investigation of war activities has been started. Of course, you will find things that were not exactly as they might have been, but I will assure that you will find nothing of major importance if the investigation is conducted fairly."

LEAK TRACED TO LAMONT

Davidson as a Red Cross official. The responsibility for the "leak" on the peace treaty from Paris to Wall Street has been definitely traced to Thomas W. Lamont, a member of the Commission on Reparations of the Peace Conference by appointment by President Wilson, and a member of the firm of J. P. Morgan & Co.

It was Mr. Lamont who gave a copy of the treaty to Henry P. Davidson in Paris on May 9, not in their capacity as bankers but as members of the Red Cross. The copy was brought to New York by Mr. Davidson and given to former Senator Elihu Root, who showed it to Senator Lodge. It was this copy which Senator Lodge held in his hands and studied "for an hour and a half" as he informed the Senate in

presenting the charge that the treaty was in Wall Street hands. (The fact was definitely established yesterday morning when the Senate Committee on Foreign Relations in opening the investigation of the "leak" heard the testimony of Mr. Root, Mr. Davidson, J. P. Morgan and Frank A. Vanderlip.

DIVER CAPTURES U-BOAT

Tapped Message to Surrender on Conning Tower With Hammer

Extraordinary things happened to the American destroyer flotilla as they hunted the German submarine, but the strangest adventure of all came in a British port where some of our ships were tied up. A German submarine mine layer had wormed its way in and was letting out its mines when the crew was startled by a tapping on the conning tower. Some one with a hammer tapped out this message in international code:

"Rise and surrender or depth charge will be exploded against your hull."

The commander of the submarine was too confused to act, and again came the dashes and dots spelling out a warning: "Depth charge has been wired and lowered."

Then up came the submarine, and a thoroughly frightened commander surrendered to the destroyers. The man who hammered out the message was a diver at work on a sunken ship in the harbor.

"I saw this fellow," he said. "I used to know the international Morse code in the Navy, so I tapped him the message with my hammer."

"Was there a depth bomb, as you told him?"

"No! That was bluff. I figured that if I could scare the submarine to the surface the destroyers would have no trouble in taking care of it."—Forum.

MYSTIC SHRINERS ELECT

Indianapolis, Ind., June 12.—Conrad V. Dykeman, of Brooklyn, was elected imperial high priest of the Ancient Arabic Order, Mystic Shrine, at the annual election of the Imperial Council here today. His selection upset the routine of the election, because it has been the custom to elevate the officers one station each year. John J. Jones, of Oklahoma City, the imperial oriental guide, for the past year, would have become the high priest under that arrangement.

WOODMEN ON STRIKE

385 Leave Cheat Mountain And Demand Eight Hour Day
Harrisonburg, June 12.—Woodmen employed by the West Virginia Pulp and Paper Company, operating extensively on Cheat mountain and along the border of the two Virginias, struck last week.

The district being isolated, news has just been received that on last Friday about 385 are said to have come down off the mountain and that others have since quit, their demands being for an eight hour day. According to information the company shows no signs of yielding, having removed all its stock from the camps on the mountain and announcing to the strikers that a shut down for six months had been decided upon. The hasty removal of the stock was prompted by a possible resort to violence leading to the destruction of the railroad and other property of the company. It is stated that the trouble was brought about by one or more union agitators at work among the woodmen, most of whom were receiving \$3.89 and "straight board."

NOT AFFECTED BY STRIKE

Telegraph Operators in Virginia Generally Stick to Jobs
Lynchburg, Va., June 12.—The local office of the Western Union, Postal and American Telephone and Telegraph Companies were not affected by the telegraphers' strike yesterday. Indications are that there will be no operators to join the strikers here.

Richmond, Va., June 12.—Officials

of the Western Union offices here reported yesterday that their service showed up 100 per cent yesterday morning and that business was not interrupted while the Postal service here was also in no way interrupted, despite the fact that there have been walkouts in Philadelphia, Norfolk and Newport News.

Newport News, Va., June 12.—The general telegraphers' strike called yesterday morning has not affected either of the telegraph companies here, according to the managers. There are no union men employed in the Postal or the Western Union offices.

HOW THEY KILLED ZAPATA

Carranzista Colonel Headed Assassins, Picked As His Friend

The story of how the bandit Zapata was trapped and killed by Carranza's troops was brought here yesterday, along with other interesting items of news from distracted Mexico, by W. M. Davis, a hemp planter of Campeche, who is staying at the Hotel Pennsylvania while arranging for the sale of one of the few cargoes of hemp that have come out of Mexico in many months.

Mr. Davis used to live in Virginia, but he acquired 56,000 acres just outside Campeche some years ago and eventually became the sole independent grower of hemp on a large scale.

Mr. Davis exhibited a few samples of paper money, bills which bore the picture of Francisco I. Madero assassinated in Huerta's dictatorship. Mexicans generally regretted Madero's death, he said, because they see now that if Madero had lived and continued in power conditions would have been more stable. Mr. Davis told the story of the luring and killing of Emiliano Zapata, Mexico's most famous guerilla chief, excepting Villa.

"Carranza had been offering a big reward for Zapata for a long time," said the planter, "but there was little chance of capturing Zapata, because the country was favorable to him. Months ago a certain Carranza colonel let Zapata know that he wanted to desert Carranza and offer his entire force of troops to Zapata."

"The Colonel kept sending word about this until finally Zapata bit. A conference was arranged in a certain town in Puebla, a saloon being the meeting place. The Colonel and his staff met Zapata and Zapata's staff and they promptly had a drink or two as a sign of friendship. Then the Colonel gave a prearranged signal to his officers, who drew and fired before the noted guerilla and his aids could get to their revolvers."

"The Zapatistas were shot down, the man. The Colonel was promoted to be a general and the Carranza Government blandly announced to the world that Zapata was no more. They refrained from describing the circumstances of the taking off—N. Y. Sun.

Dora Charlton Traveled on False American Passport

Geneva, June 12.—Dora Charlton, aged 24, an alleged spy, who traveled on a false American passport, committed suicide in Turin on Monday when she was arrested.

She made frequent trips between Italy and Germany by the way of Switzerland during the war and is alleged to have obtained important military information from Allied officer friends by whom she was nicknamed "the lady of the Camellias," because she always wore the flowers.

She was a beautiful woman and posed as an American. She was a guest of the best hotels, had plenty of money and wore the latest Parisian gowns, which it is stated, were supplied by the German political department.

KILLS GIRL AND HIMSELF

Sister of Victim Wounded Trying to
Protect Her From Bullet

Richmond, Va., June 12.—Fourteen year old Ethel Shifflet, of Grovettes, lies dead with a bullet through her heart, and her sister, Miss Maggie Shifflet, aged 22, who vainly sought to save her life, is in a hospital with one wound in her body and another in her hand, as the result of the frenzied, unrequited love of Edgar L. Young, aged 26, who is dead with a bullet fired through his own head after he had slain the object of his love and wounded her sister.

Young had entered the girl's room while both were asleep.

It was her devotion to the younger sister which made Maggie Shifflet struggle with the assailant, and throw herself in front of the younger girl when her resistance proved futile in preventing Young from firing the gun. Though she held her hand over the muzzle to shield her sister, Young still persisted in his determination to kill the girl, and fired the shot which ended her life through the hand of her sister. Finding her hand ineffectual in diverting the bullets, Miss Shifflet threw her body across that of her sister, and received another bullet which was intended for the younger girl.

Young then turned the revolver on himself, sending a bullet through his brain. Both bullets that killed the girl and him went entirely through their bodies.

Young left a letter in his trunk to his mother. It follows:

"Dear Mother: I am in love with a little girl here. She talked mean to me, and I cannot stand it any longer. You will have to make the best of it you can. I am going to end her life and mine."

CLASH WITH STRIKERS

Mob of Sympathizers Disarm and Assault Individual Special Police

Winnipeg, June 12.—Serious clashes resulted from demonstrations by strike sympathizers against returned soldier-constables. Tuesday evening, a large crowd gathered between the City Hall and Portage Avenue, with the main disturbance occurring at the corner of Portage Avenue and Main, where strikers and sympathizers disarmed and assaulted individual special police.

A squad of special police and mounted police then paraded the affected area. Missiles were thrown by the crowd, the police retaliating by a free use of their batons on the heads of demonstrators.

PROTEST PEACE TERMS

Vienna, June 12.—A protest against "spiritual and economic enslavement imposed by the peace terms" is contained in a resolution adopted by the German-Austrian People's Council.

A manifesto has been issued invoking the right of self-determination in accordance with the Wilsonian doctrine.

NATURE PROVIDES THE INGREDIENTS

Argo-Phosphate, the New Herbal Remedy, Now Endorsed by Local People

If the digestive organs are not properly performing the work which nature has assigned to them, then nutrition, which is absolutely essential to the recovery of other diseased parts, will be lacking and there can be no permanent relief. When bodily nutrition is normal, the stomach digests the food, the blood absorbs and carries the nourishment to the different parts of the body, causing the various organs to properly perform their functions.

Nature has provided a remedy in the ingredients of Argo-Phosphate the new herbal stomach remedy, which is now being introduced here. It is purely vegetable and its vitalizing, corrective and reconstructive qualities are so pronounced that beneficial results are noticed from the first day. That this is true, it is only necessary to listen to the statements made daily by local people who have given Argo-Phosphate a fair trial and have been benefited thereby.

It is dispensed by Richard Gibson and the Rexall Store.

The Buick Six

The Car with the Valve-in Head Motor

For years the experts in charge of the manufacture of engines for the Buick Motor Company, searched for a motor which would overcome defects common in motors several years ago. At last they hit upon the valve-in-head motor as a solution of the problems confronting automobile manufacturers the world over.

And since the beginning of the building of the valve-in-head motor, the Buick's popularity has gained rapidly until now it is one of the best sellers on the market.

The demand for Buick cars far exceeds the supply. Even in Alexandria, this is the case, and we are far behind on our orders for this popular car. Dozens of prospective purchasers, already signed to a contract for a car are waiting patiently for the delivery of a Buick rather than to purchase some other car out of which they might not get the same service as is insured when they buy a Buick.

Test after test has been put to this car, by manufacturer and owner and every time the Buick has proven itself a winner. We are ready and willing, at all times, to demonstrate this wonderful car and you have but to call on us to find out the truth of our statements. The Buick comes in the following models:

DENIED OLD COLONIES

Council Refuses German Request for Mandate for Former Possessions
Paris, June 12.—The reply to the German counter-proposals agreed upon by the Peace Conference heads refuses the German request for a mandate for the former German colonies, it was learned yesterday.

A lengthy memorandum gives the reasons for the refusal and explains the operations of the league of nations on Colonial matters. The reparations portion of the reply which has been completed and has reached the printer, does not fix the total sum which the Germans must pay. The text of the treaty itself is not changed, but the reply contains assurances to Germany regarding the method of the reparations process, explaining that it is a workable arrangement.

President Wilson fought strenuously.

ly to include a fixed total sum in the reparations clause and the close of the discussion leaves him unchanged. It is said, to the belief that that is the best plan.

It is understood, however, that the President said that inasmuch as Premier Clemenceau had insisted to the contrary and also that he had signed the original draft, he would sign the reply as formulated.

It is understood that assurance will be given the Germans regarding the details of the Army of Occupation, the size of it, the cost of its maintenance and the duration of the occupation under favorable circumstances. The Germans called the attention of the Powers, in this connection, to the belief held by the German authorities that they were paying for the maintenance of a large number of soldiers not actually in the occupied regions, but working in France, and asked relief from this situation.

The league of nations commission completed and presented to the Council of Four a second report containing certain modifications of the league covenant in favor of the Germans.

BREWERY INDICTED

Acted by the Grand Jury Marks
Beginning of Test as to the
Legal Right to Brew Beer
Baltimore, June 12.—A start was
given yesterday to the test of the
war time prohibition law regarding
the brewing of beer when the Fed-
eral Grand Jury returned an indict-
ment against the Standard Brew-
ery, Inc., which renewed operation
a few days ago.

The indictment recites that on
June 4 the brewery produced 250
barrels of beer containing at least
one-half of 1 per cent alcohol for
beverage purposes. No individual
was named in the action, and Assis-
tant District Attorney James A. La-
fane read this afternoon he believed
counsel for the brewery would im-
mediately file a demurrer to be ar-
gued before Judge Rose in the United
States District Court.

Action was taken by the author-
ities of this district upon recom-
mendation of Attorney General Pal-
mer, and no matter what the deci-
sion in the lower court the case will
be taken to the United States Court
of Appeals at Richmond for a fur-
ther ruling, and perhaps to the
Supreme Court of the United
States.

It is explained that the ruling
will involve not only the brewing of
beer, but the 2 3-4 per cent.

whose husband is a bully and a

in self-defense, but before she dies
she gives Helen a letter to a man
in New York, whom she was sup-

pears in New York under an as-

she fights to get back the love which

variety, which is now designated as
the real article, but the manufac-
ture of beer will be affected as
well. For many years the revenue
officials have regarded any brew of
1-2 of 1 per cent as beer, and it is
on this opinion that the indictment
is based.

The indictment does not allege
that the Standard Brewery brewed
an intoxicating beverage.

LIGHTNING SPARES FLAG

Shatters Steel Staff, But Fails to In-
jure National Emblem.

Northumberland, Pa., June 12.—
Lightning that struck a steel flag-
staff towering above the local Penn-
sylvania Railroad yards shattered the
metal splitting it in twain, but failed
to damage a single thread of an
United States flag that hung at the
top.

The bolt hit squarely, and split the
steel downward as though a wedge
had been driven into it. One slender
piece remained upright and on it still
flies the flag. The emblem was not as
much as scorched by the lightning.
Several men sitting in an office close
by were shocked and Harold Reigle
was hurled across the room, but was
uninjured.

The Hill Top House, a well known

ive wire. In about an hour the en-
tire building had burned and the
high stone walls began to crumble.
About 75 guests were in the build-
ing, all of whom escaped with most
of their belongings. The loss is

ance.

TO DROP 700 EMPLOYEES

Louisville, Ky., June 12.—Ordered by
the Federal Director of Railroads to
contract the months operating ex-
penses to meet June income, the Louis-
ville and Nashville Railroad Company
Tuesday prepared to eliminate the
names of 700 men, largely shop em-
ployees, from the railroads payroll
beginning June 13.

The order, said to have originated
in Washington, came from the re-
gional director at Atlanta. While no
one in authority would sponsor the
idea, it generally was believed that
the order was part of a wide railroad
retrenchment policy.

BRITONS READY FOR

CROSS SEA FLIGHT

St. Johns, Newfoundland, June 12.—
The British Vimy bomber airplane.

piloted by Capt. John Alcock, with
Lieut. A. W. Brown as navigator, is
ready for an attempt at a non-stop
flight across the Atlantic.

Weather conditions permitting, At-
cock was expected to start by tomor-
row. There was a possibility that he
might hop off today, following Haw-
ker's route toward the Irish coast.
Those attached to the Vimy camp,
however, would not go further than
to predict a start would be made dur-
ing the week.

BOY FINDS DEADLY BOMB

Jersey City, N. J., June 12.—A
crudely constructed dynamite bomb
with a burning fuse was discovered in
the hallway of a house by six year
old Morris Dobbler, son of a gro-
cer, whose store occupies the ground
floor of the building. The boy called
a clerk in the store, who extinguish-
ed the fuse with his fingers and sum-
moned the police.

Examination showed that the bomb
consisted of a stick of dynamite eight
inches long, fastened in an iron pipe
and attached to a two-foot fuse.

WHIPPING POST USED

Rockville, Md., June 12.—The old
whipping post was legally used
here yesterday to punish George
Williams, a negro, found guilty of
beating his wife.

With the negro's back bared and
his hands and feet fastened, Sheriff
W. L. And gave him twenty lashes
with a buggy whip—the maximum
penalty for wife beating under
Maryland laws. Williams, who
weighs more than 200 pounds, with
big broad shoulders, stood up well
under the punishment.
